Foreword:

As our year comes to a close, we the class of 1970 look back with fond memories, for now we approach the threshold of our future. We must separate, each to walk in his own path. As we write on the pages of life given us, we will always remember our past. The excitement of becoming Seniors will be relived through the pages of the 1970 Trojan.

Retirement

MRS. ALMA MILLER

After being on the Alexander faculty staff for nine years, Mrs. Miller retired last June. Those whom she taught will remember her for her patience and understanding in helping us prepare ourselves for further education and for life itself. Her devotion and kindness will always be remembered.

Mrs. Mildred A. Baker, after completing nineteen years of teaching, thirteen of which were spent at Alexander Central School, retired last June.

We, whom she taught, will remember her patience and guidance which aided us in preparation for our future years.

Mrs. Baker will always be loved and remembered by all who knew her at A. C. S.

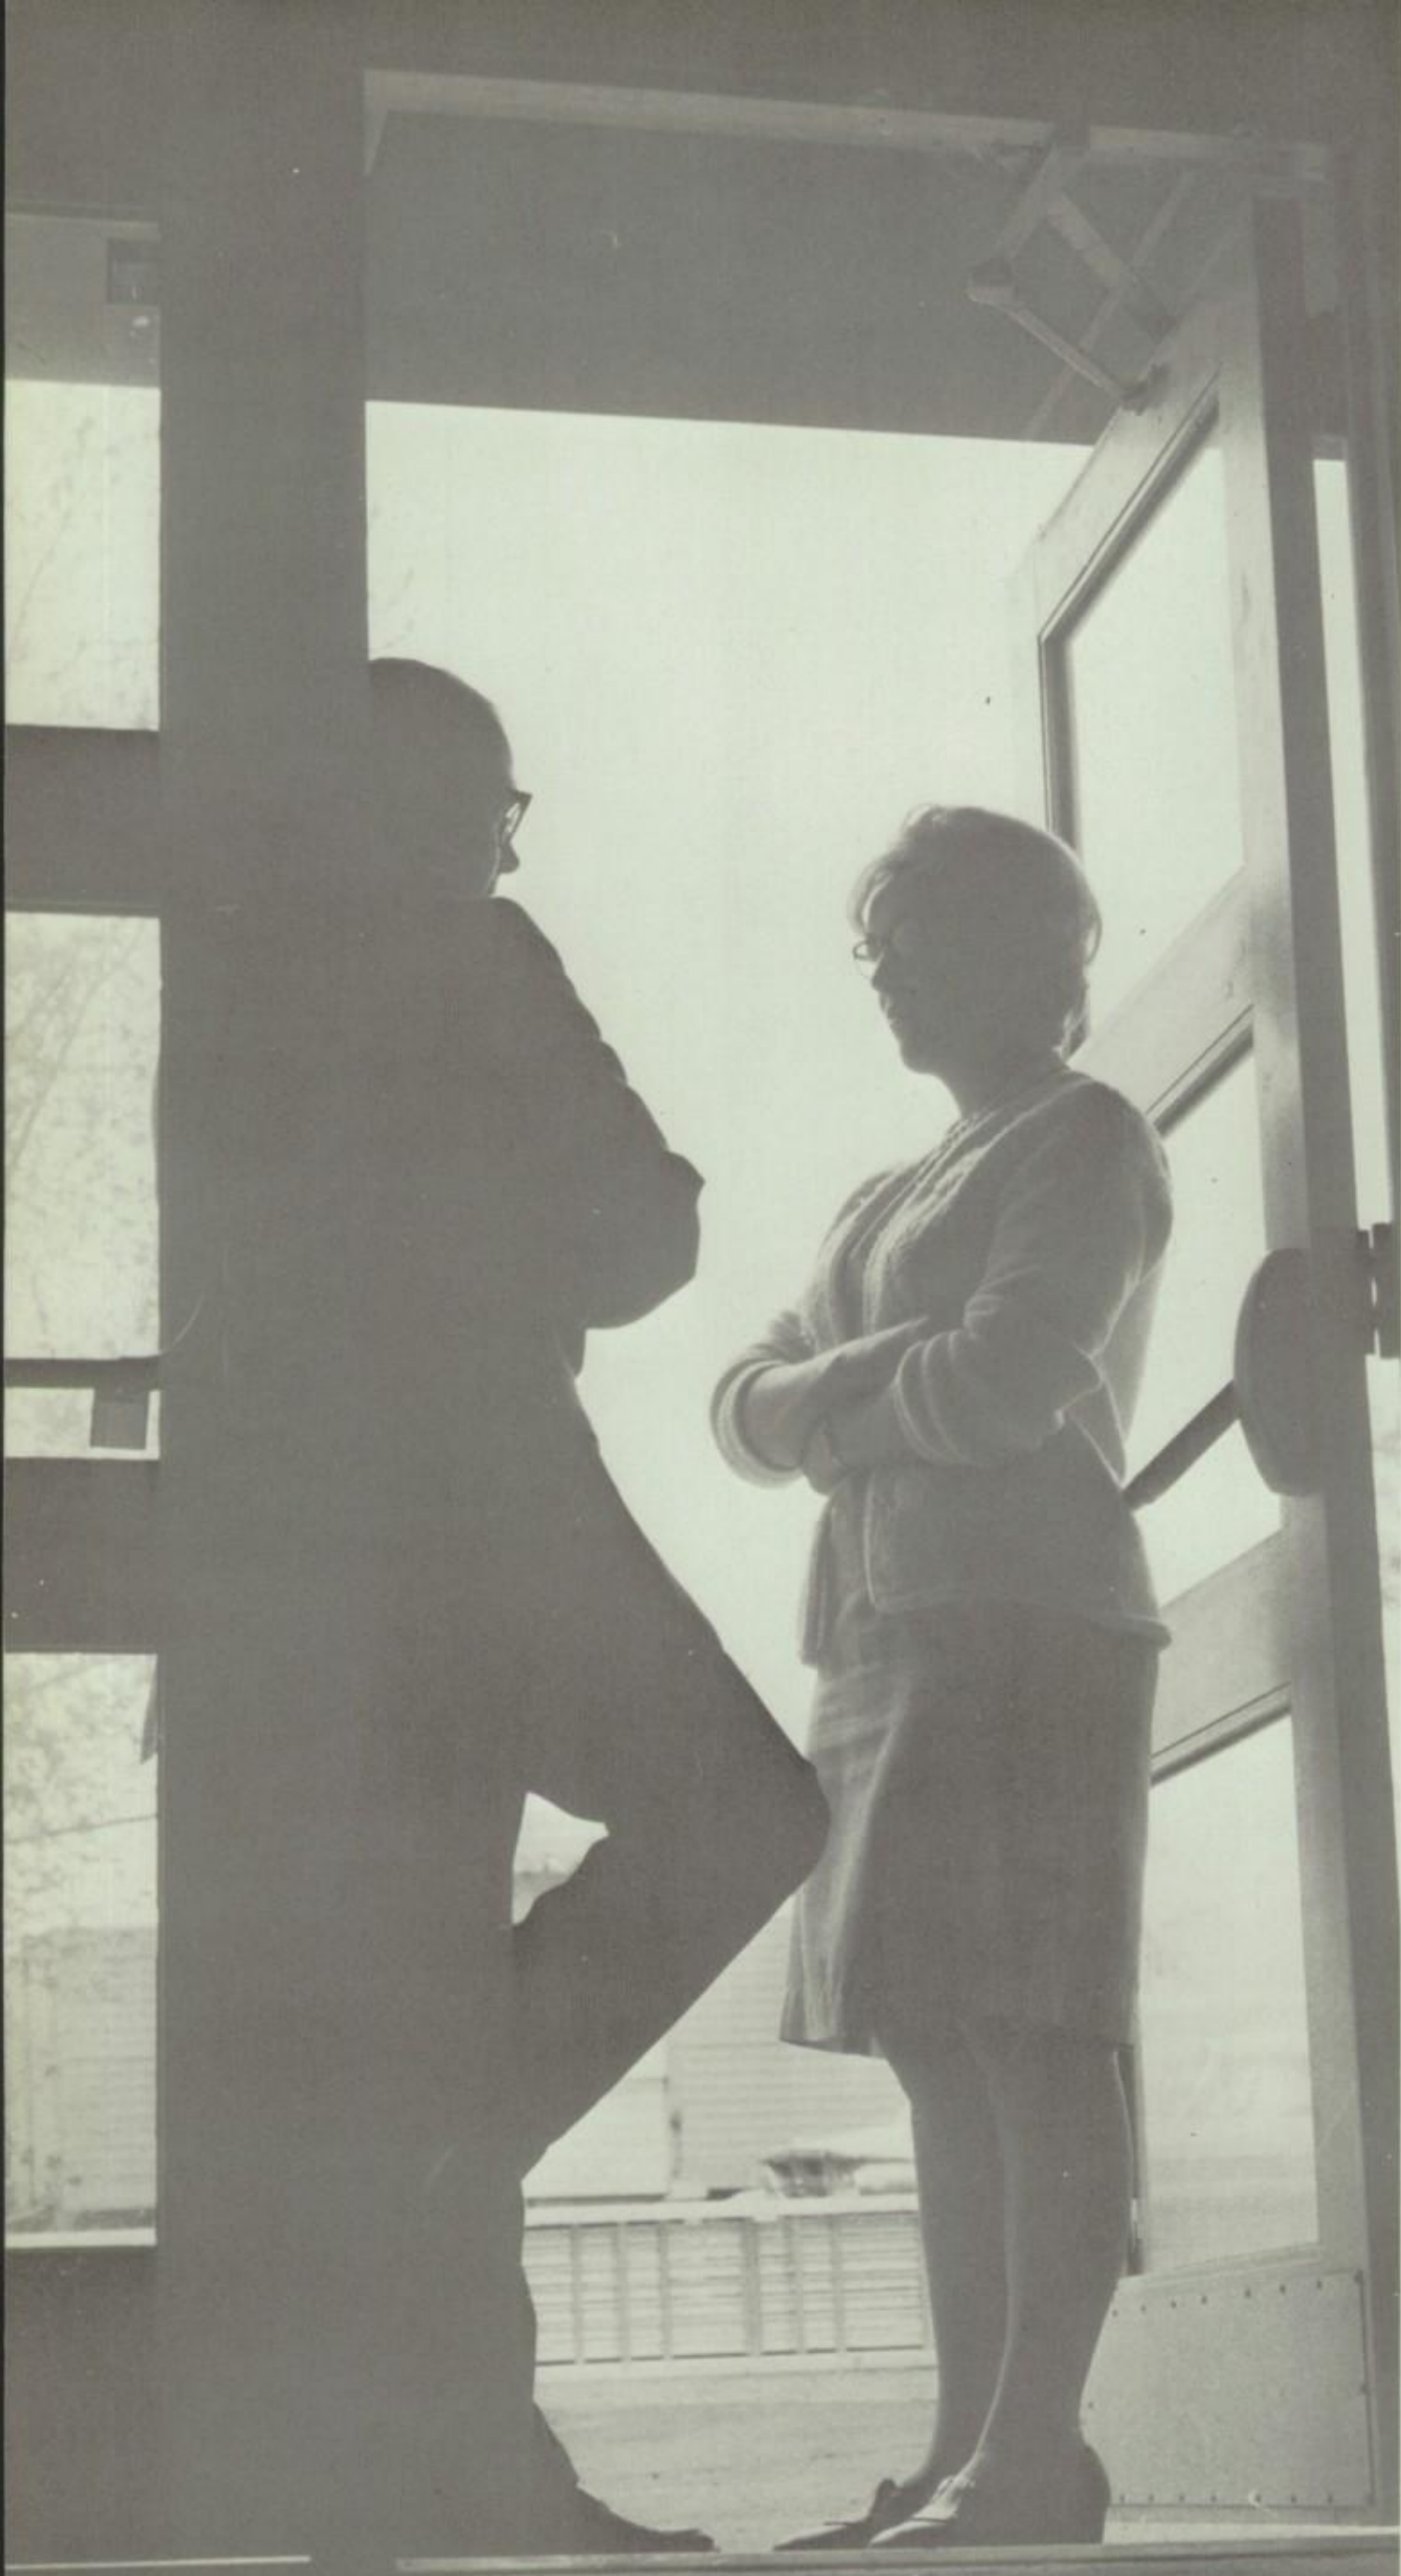

MRS. MILDRED BAKER

Dedication

MRS. FLORA DAYTON

We, the Senior Class, would like to extend our most heartfelt thanks to you, Mrs. Dayton. We are most indebted to you for your hard work and for the long hours which you have spent in making our library efficient. In the past you have understood, assisted, and encouraged us; you have also sacrificed so generously to prepare us to take our place among citizens. So to you, Mrs. Dayton, we wish to dedicate our 1970 Trojan.

Administration

In Appreciation

During her twenty-five years of professional service at Alexander, Mrs. Glor's deep concern has been for the welfare of each student. Her aim has been to develop a strong and healthy student body.

We, the class of 1970, extend our sincere appreciation to her for her professional services and advice.

Supervising Principal

MR. A. WARREN DAYTON

We are deeply grateful to our Supervising Principal, Mr. A. Warren Dayton, for his ever-ready advice and constant concern. It is he who has helped us along the path of education. For this guidance we shall always remember him.

Principals

MR. PIRRO

Mr. Pirro, our High School Principal, has helped us develop our talents to their greatest degree. With this he has given us the encouragement to attain our goals. And because of his patient understanding and interest, we shall always remember him.

MR. YUECKSTOCK

Assistant Elementary Building Principal, Mr. Yueckstock, is remembered by most as a dedicated Math teacher, but many also know him to be an inspiring Principal. At the time when guidance is most needed, Mr. Yueckstock is always there to guide us along.

MISS LARAMY

We, the Class of 1970, fondly remember Miss Laramy both as an inspiring teacher and a dedicated principal. Through her guidance and untiring efforts she has had a lasting effect on our lives. For these qualities she will always have our respect and admiration.

Superintendent of Schools

Through the efforts of Mr. Hugh W. Vanderhoof, County Superintendent of Schools, and the members of our Board of Education, our school system has been a benefit to each student. In the decisions that must be made, they have shown a sincere concern and interest. For this, we the class of 1970 would like to express our deepest gratitude.

LYNDEL CALMES

It was a very happy day for me when I learned I had been chosen by the AFS as the foreign exchange student from our school. My destination was Reykjavik, which is a city of about 80,000 people. However, the business district itself is no larger than that of Batavia. Most of the city is residential with most of the families living in modern apartments.

My father was a very hard-working man who owned the largest bookstore in Reykjavik. He was very kind to me and treated me as if I were his own daughter.

My mother, although she worked at times, remained at home most of the time. She taught me much of the customary home life and the "fine-art" of Icelandic cooking.

Hafdis, my 18 year old sister, is studying to be an actress. This factor made it quite easy and enjoyable for her to take me to theaters and show me much of the social life.

However, I feel that the most helpful person of my family was my nine year old brother, Borgar. With his patience and understanding I was able to learn a few words of the Icelandic language which helped me over major barriers.

I would like to express my appreciation to the local AFS committee and the community for making my stay in Iceland possible. It was a very rewarding experience. The relationships I had with my family will always remain in my memory.

A year ago I was chosen by the members of the Rotary Club to spend some weeks in France. I went in September, and when I first arrived I spent some time sight-seeing in Paris. Later I left for Dax, which was to be my home for four months. It was a trifle larger than the city of Batavia.

My wonderful family included my mother and father, two married sisters and a brother, Jean Louise, who was very helpful in many ways; especially with my conversational French.

The system of education in France is very different from ours; in fact, I feel that it is better than ours. The students must attend school for twelve hours a day and six days a week. They are also required to take two foreign languages. The school I attended was called "College Cendrillon."

I enjoyed my stay in France and found it to be a very valuable experience. It gave me an insight into the ways of living of other people of the world. It was the most worthwhile personal participation I have ever had.

I come from the Philippines, which is called Pilipinas in my native language. It is an archipelago of 7,100 islands. Their area together is about 115,000 square miles. They're divided into three groups: Luzon, at the North; then Bisayas, and at the South is Mindanao. The island where my town is located is in the Bisayas group.

The ancestors of the Filipinos were Negritos, Indonesians, and Malays who came from 30,000 to 50,000 years ago. Some of their direct descendants have lived in the mountains. Being isolated, they have preserved their culture and rather primitive ways. The others are Moslems in the South. They were the only ones who were not totally colonized by Spain, and they're more advanced than the rest of the descendants. They all comprise the cultural ministry of our mostly Christian population. Except for this difference, the Filipinos are generally brown and hospitable.

When my country was discovered for the western world by Magellan, in 1521, he found a people with a culture similar to that of the Chinese, Malayan, and Indian. Then Spain sent men to colonize the islands and from then on, they ruled for 300 years. In 1896, a nationwide revolution started. There was a truce a few months later, which didn't last long. The Spanish-American War reached Manila Bay in 1898, and brought a significant event. The Spanish fleet was defeated by the U. S. Navy. After that, Spain ceded the Philippines to the United States. In 1935 the islands became a commonwealth of the United States. After World War II my country became independent. A Republican government was then formally established.

A large amount of the national income of my country comes from farming. We export rice, copra, and sugar. Manufacturing consists of assembling and finishing operations and the making of textiles, footwear and wood products. Fishing, mining and producing lumber are the other industries.

The first Spanish Friars who came started education in the country. Public education was introduced by the Americans who took over. Today the government spends 35% of the national budget for the Department of Education, University of the Philippines, and the public education program.

Excluding college, students go to grade school for six years, in a regular school, then four years in High School. They study Social Studies, Math, English, and Philipino, the national language. They are taught in English in most subjects.

Bacolod City, where I live, is the center of the sugar plantations of the island. It has four colleges and a University. Its "plaza" or toron is conveniently near the sea, in front of the Cathedral, and just across the business section and market.

My family lives at the edge of the city where it's air-pollution free and quiet, although no place could really be quiet with little kids in a family of nine.

When I go back, I'll tell my friends and relatives of the many wonderful experiences I had at Alexander, the people, and the U. S. "Maraming Salamat" (thank you very much) to the faculty and students, especially my classmates, and to my family. To AFS and you all, "Mabuhay" (Long live, God Bless You, Good Luck.)

Class History

As we go through this yearbook, we, the class of 1970, think back on the wonderful years that have passed. It was a long, but gratifying road to follow, but now we have reached the top. Also, we have reached the beginning of a new road - the road that leads us out into the world.

We all remember the few class picnics and the track meets of the younger years, and then the sixth grade graduation into junior high. This was our first taste of the whirlwind of class officers, dances, and moving from class to class.

After these trying years we looked around to find ourselves in the four years of high school. Now we were surrounded with clubs, sports, and activities of every kind and description. Among all of these extra-curricular activities, there were added responsibilities and more school work to be done. Our first main class activity was our Junior Prom, "Caprice aux Fleurs." It was not only a success as far as the dance was concerned, but it also brought our class together. It was a very joyous and memorable occasion for all.

Now we have obtained the high point in our schooling - our senior year. This year we all look forward to our Senior Ball, Senior Play, Class Night, Baccalaureate, and the final event worked for, graduation. After graduation we will all go our separate ways, but our personal memories of our years at ACS will live on forever.

As our final year at A.C.S. comes to its close, we, the class of 1970, wish to express our most sincere appreciation to Mrs. Whalen for her generous help. She has given freely of her time in helping compile this year's Trojan and the many yearbooks of the past. She has also shown an interest in many of the group activities. It is for these qualities that we will always remember her with fondness.

This year there are 99 members in the Trojanaires. As in past years, the Candlelight Cafe was a success, with the theme "Cafe sa Paraiso." This year was also the first year a scholarship fund was established.

Some of the Trojanaires attended the Area All-State Sectionals. It was conducted by Dr. Samuel Adler from the Eastman School of Music. All the students who participated in the Solo Festival received a rating.

All-State Choir was held at the Concord Hotel on Kiamesha Lake in the Catskill Mountains during December. The Conductor was Dr. Thomas Hilbish of the University of Michigan. This was Joy Merrill's second year of participation. She earned a 6-A rating, the highest score a student may receive on a solo. She also was one of twenty-five students who participated in the New York School Solo Finals. She was named as an alternate to one of the five winners.

G. A. A. OFFICERS

The Girl's Athletic Association continues to be one of Alexander Central School's most active organizations.

The 1969-70 officers are President, Ellie Young; Vice-President, Priscilla Schmieder; Secretary, Deborah Meyers; Treasurer, Sharon Franz; Activities Secretary, Diane Glor; Intramurals Chairman, Linda Hebell; Sergeant-at-arms, Kathy Keister; Advisor, Miss Szczerbacki.

Intramural activities include field hockey, basketball, volleyball, swimming, and softball.

Honor teams compete in the Tri-County League in field hockey, basketball, volleyball, with sportsdays in softball and track.

Annual events sponsored by the G.A.A. include the Fun Night, a weekend camping trip, and the G.A.A. banquet which concludes the year's activities.

G.A.A. objectives point toward total individual development - physically, socially, emotionally, and intellectually.

Learning to work and play together with peers in a constructive and healthy atmosphere is a valuable outcome for the members of this association.

Patty,
best of ^{the} luck goes out to
one of the nicest kids
I know. (Ha! Ha!) Well what
can I say except I hope
we have as much fun
as we have had this
past year. Good luck
with and keep
smiling. Be good (but
not that good) and
think of all the fun
we'll have this summer.
May God bless,
Mary

Good Luck
to a lively kid
who can't sit still
Study hall. Have fun and
I talk all you want cause
I think it's really kind of cool
Good Luck,
Jeff

Patty,
 Best of Luck always
 to a great kid. Always remember
 me and don't ever feel uncomfortable
 around because of things that happened.
 Always remember to live for
 day and to forget yesterday.
 I hope we became better friends.
 in the future.

always

Patty:
Good luck to you
and your family
Keep laughing
"Bill Block"

I am sorry to hear that you are
 having a bad cold and are
 unable to go to school. I hope
 you will get better soon.
 Love,
 John

 the

Pat,
 Best of
 luck to a good
 friend. Always stay
 as nice as you are now
 and you'll be sure to go far.

Love,
 Cathy

Pat,
 Good luck
 to a real
 friend. Stay
 as nice as
 you are now
 and you'll be
 sure to go far.
 Love,
 Cathy

Pat,
 Good luck goes out
 to a real nice kid in
 everything. Keep up the
 good work in school and
 sports. I've forgotten the fun
 we have had in sports and
 especially Spanish class. Expect
 to see you around and on the
 basketball court for basketball.
 Keep practicing! God Bless you
 Love
 Jean

P.S. Stay as good as you are.

515-

Well best of luck to one
of the greatest! Really what
more can I say? Never forget
All the great times, like the
night before the wedding, or the
time in the summer out at the
cabin or going through the corn
field to save \$1.25 or etc..
I could go on and on, Right?
I'd fill this summer we
will have a raft and when
(if) I get my license then
well you know. Remember to
behave & take care

Love ya
